Welcome

TO

NEW YORK

New York is a metropolis of bustle and business, even in the hot summer months. Strangers and visitors among us are commonplace and do not receive special attention. Perhaps they may believe from this attitude that New Yorkers are indifferent and unfriendly. But this is far from being true as anybody in difficulty will quickly learn.

The active New York numismatic bodies heartily welcome you to their city. The convention program will provide little in the way of organized entertainment and they regret this. In order to meet this shortcoming, they want to give you something more. Therefore, they give you all NEW YORK CITY to appreciate and enjoy to your heart's content.

HAVE FUN!

Mr. Lewis M. Reagan
General Secretary
American Numismatic Association
Box 577
Wichita, Kansas

Dear Mr. Reagan:

We are pleased to welcome the American Numismatic Association and delighted that your organization is holding its convention in New York City this year.

You will not be surprised to find that New York is big, but you will be greatly pleased to discover that it is also friendly and typically American. For we New Yorkers are proud of our City and enjoy having our neighbors call on us.

Our many attractions cover every interest and taste. Historic landmarks, churches and schools, fashionable shops, theatres, skyscrapers, museums and parks are all quickly and inexpensively reached.

New York City, home of the United Nations, is truly the metropolis of Democracy. It is happy to dedicate itself to a world at peace, and to you as a welcome visitor.

Sincerely yours,

Vincent R. Impellitteri

INVITATION TO NEW YORK

To Members and Friends of the
American Numismatic Association . . .

The members and friends of our Association are afforded again this year the privilege of meeting in the world's largest and most fascinating city. It is a city that has so much to offer that any visit is much too brief to do more than accept a small measure of the wealth of hospitality that awaits us. Each and every visit to this fabulous man-made empire is a never to be forgotten one, rich in those things that mean so much to all of us. An endless list of the best, the largest, the greatest, the most important, the most interesting, the last word in nearly everything . . . that is New York City.

The Association has held previous conventions in New York, in 1910, 1922 and 1939, each of them the most successful of any conventions held prior to that time. Again this year, our hosts have gone "all-out" to provide the best for our entertainment and comfort.

The program will be both instructive and entertaining. The necessary business sessions will be short, leaving plenty of time for the viewing of exhibits, the educational program, the renewing of old friendships and the making of new ones, and a choice, as time will allow, of the attractions that the city has to offer.

You are most cordially invited to attend, to bring family and friends, and, if possible, an exhibit of selections from your own collection.

Most sincerely yours,

JOSEPH MOSS
President

A.N.A. PRESIDENT

Consult your hotel floor clerk in making any such special arrangements. Because of traffic regulations and other convention arrangements, it has not been possible to provide for organized entertainment. However, the convention committee has provided expert Information Clerks who will give information to members, guests or groups on points of amusement and interest. Free tickets will be available during the convention but the supply is necessarily limited. Members are urged to plan in advance visits in groups of their own choice to the places they wish to see. Prospective buyers at the auction sale should refer to the auction catalogue to determine in advance if their presence is required. The auction lots are so arranged at each session as to attract the attention of specialized groups. This will permit members to enjoy New York to a greater extent than would otherwise be possible.

Always consult the Bulletin Board for special announcements.

IT was my good fortune and pleasure to attend ALL of the A.N.A. Conventions held in New York City: 1910, 1922, 1939, and the "No Convention Dinner" in 1945; and I hope to attend the 1952!

I want to, and do wish for the A.N.A. a most successful and happy gathering this year.

A lot of water has gone over the dam since 1910. At that time we boasted of a membership of about 400; and now our A.N.A. has a membership of nearly Ten Thousand!

For continued success and greater growth in service to numismatics is my sincerest wish for the American Numismatic Association!

POINTS OF INTEREST IN NEW YORK

The attractions, both educational and for entertainment, are so numerous and of such variety that it would be impossible to see them all during the period of the convention. Group transportation is not possible and it has seemed best to the committee on arrangements not to attempt any kind of a "package deal" in entertainment or sight-seeing in connection with the registration. This will permit members and visitors to make their own selections, either individually or in small informal groups. You will see the things of greatest interest to you, at your own convenience.

In addition to the suggestions listed below, an information desk on the convention floor will provide assistance in making your selection of points of interest and will answer any questions regarding travel directions and means of transportation. Watch bulletin board for other suggestions.

LOWER NEW YORK

Bowery — from Chatham Square north to East Fourth Street. "Street of lost souls."

How to Weigh The Merits of An Auction Service

1. Check firm's reliability and reputation. Refer to Dun & Bradstreet.
2. Investigate the terms, payments, and advances.
3. Check insurance coverage.
4. Compare quality and amount of advertising.
5. Check location and facilities.
6. Determine the actual number of catalogs distributed, and the type of mailing list employed.

And

7. Decide if an authoritative presentation and fine plates are to your advantage.
8. Decide if detailed descriptions and meticulous attention to detail "sell" your coins.
9. Consider the added advantages of combined floor and mail bidding.
10. Consistently compare results, not only in reference to a few key lots, but throughout an entire catalog.

COINS ON APPROVAL

Just like coming into our street floor store and asking to see a certain coin. If you do not like its looks or the price we ask, you do not buy it, and ask to look at some other coin that may meet with your approval, both as to condition and price.

Well, just mail us a list of five or ten coins that you can use in your collection. Don't ask for the SCARCE and HARD TO GET ONES, ask for some of the more COMMON DATES that you do not have, in Cents, Nickels, Dimes, Quarters, Halves and even Dollars.

Then mention some foreign country, from which you would like to have a coin.

No obligation to keep any of them, except pay the return postage.

We probably can supply OUT OF OUR STOCK more "different" dates and "values" in United States Coins and Stamps than any other "dealer" in the United States.

This is not just talk but, we believe, a fact.

In coins we DO NOT have too many of the PROOF and UNCIRCULATED, but a great many in CIRCULATED condition, from GOOD to VERY FINE and of course some uncirculated.

In stamps, we have as nice an assortment of MINT and USED, 19th and 20th Century in singles and blocks, as you would expect any one dealer to have.
